

BAIN DE SON

OPERA SINGING VIBRATIONS UNVEILS YOUR EMOTIONS,
SOPHROLOGY HARNESSSES AND TRANSFORMS THEM INTO IMPULSE
NEUROSCIENCE GIVES INSIGHT

First, **acclaimed opera singer sings** an operatic aria as she would on a renowned stage, but you are face to face, she is only two meters from you, with an orchestral accompaniment. True **emotional "skydiving"**, instantly you feel a wave of vitality that engulfs you, forming an **energy and vibratory cocoon** around you.

A parenthesis of deluxe **well-being**.

The virtues of the physical vibrations propagate in your body and the emotional and spiritual vibrations find their pulse. Musical sound waves increase motivation and pleasure, reduce stress, strengthen the immune system and boost self-confidence. **The sound waves generated by the voice dissipate emotional blocks and stimulate potential.**

In the second stage, time to **explore your emotional defense mechanisms** thanks to our **certified sophrologist** who translates and guides you every step of the way as you express your feelings. Finally, you learn to **memorize the benefits of the experience** to reactivate them in your daily life.

The cherry, you discover your **personal neuroscience assessment realized by our expert** according to the measurements taken of **your emotional state before and after your Bain de Son®**: 4 neurotransmitters render it possible to identify emotional impact through 15 areas of your body.

3 unique experiences – 3 complementary experts

Team:

Carole Chabry, Founder of Bain de Son®, holds a Premier Prix by unanimous vote from the Paris Superior National Conservatoire of Music and Dance: opera career at La Scala in Milan, the Champs-Élysées Theater, the Toulouse Capitol, the Paris Palais des Congrès, French and international Operas... She founded her company Espace Vocal in 2004. Carole conducts Coaching and Training sessions in parallel and has been an expert in Voice technique since 2009.

Géraldine Marillet, Certified Sophrologist and trainer, Géraldine develops with the corporate world solutions to support well-being and corporate life quality solutions for teams. She supports managers and leaders so they can perform at the highest level, all the while strengthening their life balance.

Pierre Davèze, Certified in behavioral neuroscience, with over ten years of experience, expert in emotion management assessments, Pierre was elected "Entrepreneur of the future" in 2013 by the group Generali and named Vice-President of Competence Center Stress Experts.

Bain de Son® is a Registered brand of Espace Vocal, referring to its exclusive Sound Cleanse approach, combining opera, sophrology and neuroscience.
